We are located in the **world largest market**, the **EUR/USD** market: More than 1 Trillion U.S. dollar daily turnover.
In this gigantic market, you can put billions of U.S. dollars.

ForexRoboSoft® has been designed to make optimal profits from **fluctuation exchange rates** by using leverage.

ForexRoboSoft® is an Expert Advisor and controls the **fully automated trading system** MetaTrader4, which offers your broker.
MetaTrader4 is the „car“, ForexRoboSoft® is the „driver“.

ForexRoboSoft® buys and sells direct from your trading account.
The result is **a lot of small gains**.

We have designed several software modules for the Expert Advisor to help you create your personal trading strategy in order to capture and gain money from this market. We offer you already tested Expert Advisors with proven trading strategies that you can adapt to your personal needs in a few minutes.
